Docket No. 98N-1265 7 '99 APR 22 110:22

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I feel so strongly about Modem Pharmacy Associates and how they specifically addressed compounding 'specific hormonal deficiencies' i.e. (Estrogens and Progesterone) which has alleviated so many personal and individual symptoms specific to me. It has changed my life. I have also seen dramatic changes in the quality of other people's lives that a regular prescription did not address. I believe all women and their disease deserve the specific attention this Compounding Pharmacy addresses. I think it is a disgrace not to allow this to continue for all people.

The mind expanding how the Pharmacy addresses will be the way of the future.
